github   github.com/theSherwood

PRIMARY SKILLS

HTML5	Svelte
CSS3	Express
JavaScript	Node
React	Next
Redux	MongoDB
Now	Mongoose

PRIOR EXPERIENCE WITH

Jest	Python
Jasmine	TypeScript
Karma	SQL
Stencil	Flask
Bootstrap	Django
Sass	

PROJECTS

REGEXXP

www.regexxp.online
HTML5, CSS3, JavaScript, React, Redux, Bootstrap, Express, Node, Passport, OAuth, MongoDB, Now

RegexXP allows users to create and solve challenges to gain XP with regular expressions. It also features a 20 step tutorial on regular expressions in JavaScript.

MENTAT

thesherwood.github.io/Mentat
HTML5, CSS3, JavaScript, TiddlyWiki

Mentat is a series of four UI/UX plugins for the TiddlyWiki platform that provide an OS style interface as well as tools and primitives for other developers to build further interfaces in TiddlyWiki.

RECONJS

www.npmjs.com/package/@thesherwood/reconjs
JavaScript, Rollup, Acorn

ReconJS is a configurable JavaScript library that statically analyzes arbitrary JavaScript code for security threats.

RECONJS SITE

reconjs-site.thesherwood.now.sh/
HTML5, CSS3, JavaScript, React, Next, Express, Node, MongoDB, Now

The ReconJS Site is an adversarial demo of ReconJS that gamifies attempting to beat its security. Code responsible for a successful security breach is stored in a database to be used to improve ReconJS.

BIBLIOSTACK

www.bibliostack.com
HTML5, CSS3, JavaScript, React, Material-UI, Express, Node, Passport, MongoDB, Now

Bibliostack helps you shop for books, not a book at a time, but booklists at a time. Bibliostack is the tool for the avid reader on a budget.

EDUCATION

ROYAL COLLEGE OF ART

MA Sculpture
10 / 27 - 7 / 2019

London, UK
